## 2 in 1 Car Air Purifier & Dual USB Car Charger

### Thank You for Choosing Our Product!

Please read this manual carefully to get the most out of your air purifier.

### Product Function

- Release a large amount of negative ions that can effectively remove airborne particles like dust, pollen, smoke & PM2.5.
- Kill harmful bacteria, germs & viruses, and decomposes formaldehyde, benzene & bad odor by generating a safe amount of ozone ( $\leq 0.05$ ppm).
- Dual USB ports are provided for charging your mobile phone, tablet & other devices fast and safely against shorts, surges and other danger.

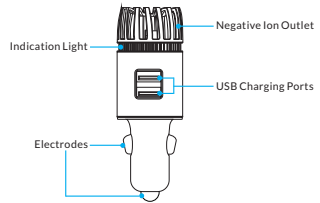

### How To Use

- Plug it into the 12V car cigarette lighter, and it will start purifying the air with its LED indication light glowing gently.
- To charge your devices, connect them to the USB port of the air purifier with a USB cable.
- To stop using the air purifier, unplug it from the socket.
- For the best air purification performance, do not cover the negative ion outlet of the air purifier.

### Specifications
